

# **ADVENTURE SERIES**

**INSPIRING MOVEMENT  
IGNITING  
IMAGINATION**

# LET THE ADVENTURE BEGIN

*The Adventure Series combines smart engineering with the ability to bring new challenges for a variety of age groups, in a ready-to-go footprint to deliver high-impact play—faster, smarter, and bolder than ever before.*

## WHY THE ADVENTURE SERIES?

*From churches, retail shopping centers, and family entertainment centers to museums, today's environments demand more from indoor play. That's why each Adventure Series playground—ATOM, HIVE, New Heights, and SKYCOURSE—is predesigned to perform.*

# WHAT SETS IT APART?

- 1 Safety First**  
Engineered to the highest standards, every design prioritizes safety and durability—so kids can play freely and confidently.
- 2 Faster Timelines, Smarter Investment**  
Each playground is predesigned for efficiency—minimizing design time and delivering cost-effective, turnkey play solutions that fit your space and budget.
- 3 Built for All Ages**  
With tailored challenges and intuitive pathways, each model encourages safe, active movement for toddlers, kids, and tweens.
- 4 Bold, Contained Designs**  
These visually striking structures are fully contained—keeping kids in sight and safe, while offering dynamic challenges that grow with the user.
- 5 Sensory-Rich Experiences**  
Every environment is filled with textures, movement, and surprises to engage kids' minds and bodies—sparking imagination and repeat play.

*Whether you're creating a family destination or transforming unused square footage, the Adventure Series delivers high play value, quick installation, and big design impact—all with less complexity.*

**Your next great attraction is already built.**

# LET'S MAKE IT AN ADVENTURE

# ATOM

## DESIGNED TO MAKE A STATEMENT

Embrace the power of small spaces with the ATOM. Every detail was designed to create an experience that is rich in play value, unique in design, and superior in safety, all with a small footprint.

Crafted with durable materials rigorously tested in high-traffic environments, the ATOM will create magical memories in your space for years to come.

**Safety Compliance/Standards:**  
**ASTM F1918**

**2-5**

**age range**

**Indoor**

**Enriched Play**

**Parental Visibility**

**Designed and  
Assembled in America**

## ATOM ADVANTAGES

- Available in standard and customizable options
- ATOM packs numerous play experiences into a neat space, allowing it to fit in all kinds of locations
- Features like the **Diamond Climber**, **Ripple Decks**, and **Scoop Nest** add challenge and motion as kids move through levels
- **Hammock Hangout** and **flex-tread elements** offer calming, inclusive spots for social and sensory play
- Games and drums encourage hands-on fun, creativity, and friendly competition

# ACTION-PACKED FEATURES

**ATOM packs a full play experience into a compact footprint. Its sleek, modular design maximizes vertical movement and crawl-through fun, offering dynamic climbing, sliding, and hideaway zones in one visually striking structure. Perfect for smaller spaces or areas needing a bold, space-saving solution, ATOM is a powerful blend of form, function, and fun.**

- 1 Fun Ride Slide**  
The slide is always the most popular event. This design allows parents to see kids at all times and never miss those priceless smiles!
- 2 Hammock Hangout**  
The slightly swaying hammock is a great place to hang out and start friendships. It features flex treads that provide fun sensory experience.
- 3 Ripple Platform**  
These unique shaped decks create challenging climbing experiences and cozy hang-out spaces.
- 4 Sit-N-Spin**  
All kids love to spin, so let them have at it! Singularly or in cooperative play, this kid favorite is a winner.
- 5 Scoop Climber**  
Kids can reach the second level with a slithering twist as they climb these scooped-shape decks.
- 6 Diamond Pass**  
When kids transition from the first to the second level, they must pass this fun, swaying, diamond-shaped obstacle.
- 7 Musical Drums**  
Test your rock skills and make some noise with this Drums Music Panel featuring human-powered energy.
- 8 3-in-a-Row Game**  
How many can you get in a row using the 3 in a Row Panel Game? No loose pieces to go missing and no clearing up after playtime!

ATOM

# ELEVATE THE EXPERIENCE EVEN MORE WITH SOFT SCULPTED ANIMALS

Bring themes to life with our soft sculptures. Safely climb and imagine.

# HIVE

Up your family entertainment game with The Hive—an innovative, interactive obstacle based challenge course designed for older thrill-seeking kids and young adults. Its innovative hex structure houses a broad spectrum of challenges uniquely designed to push the limits of the body, engage the imagination, and dazzle the senses.

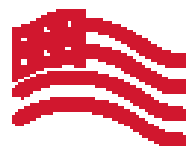

**Safety Compliance/Standards:**  
**ASTM F1918 (indoor)**

**Indoor**

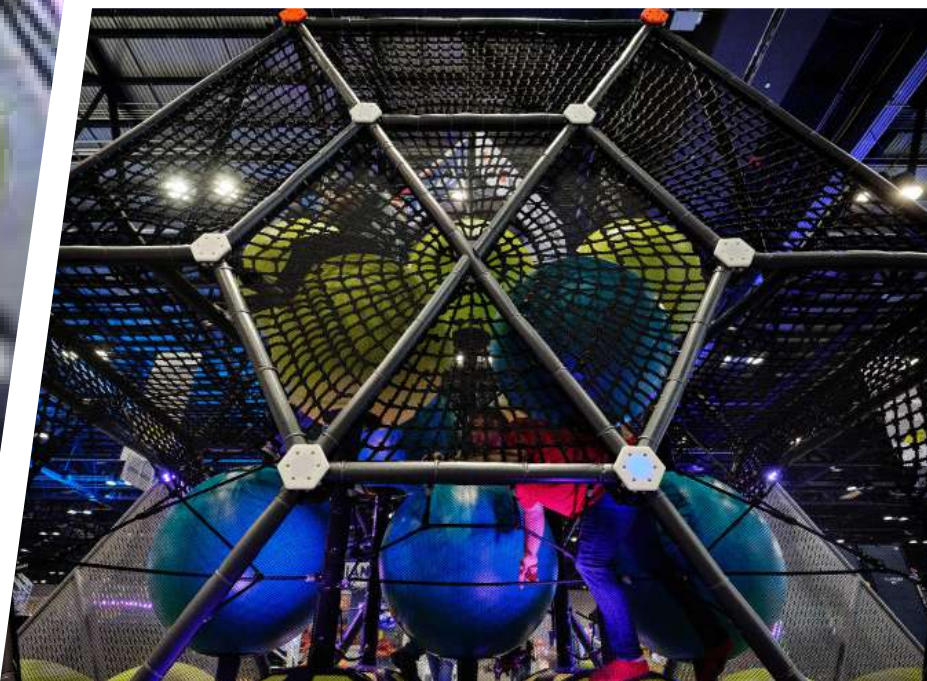

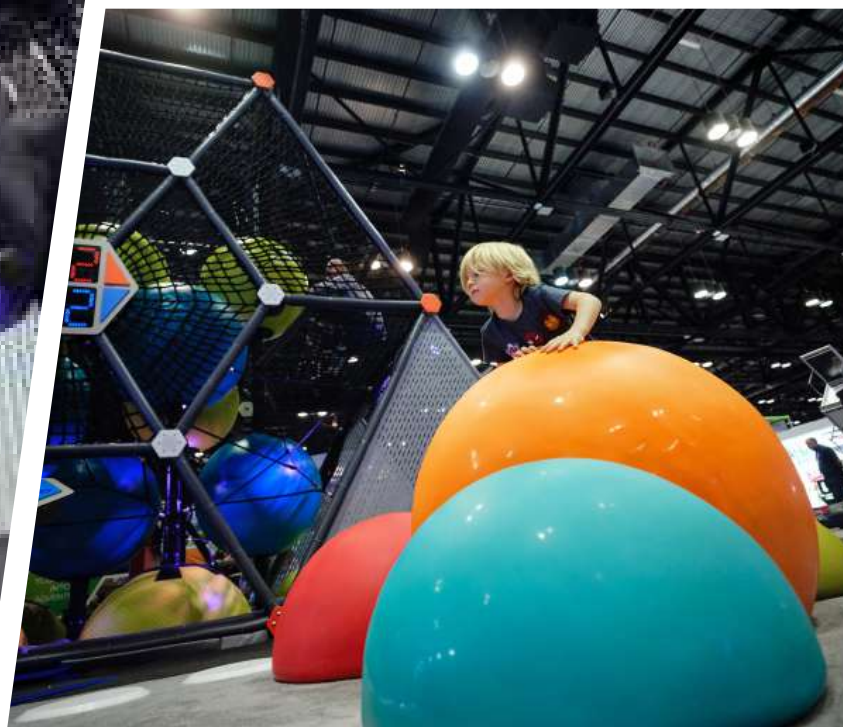

**Revenue Generating**

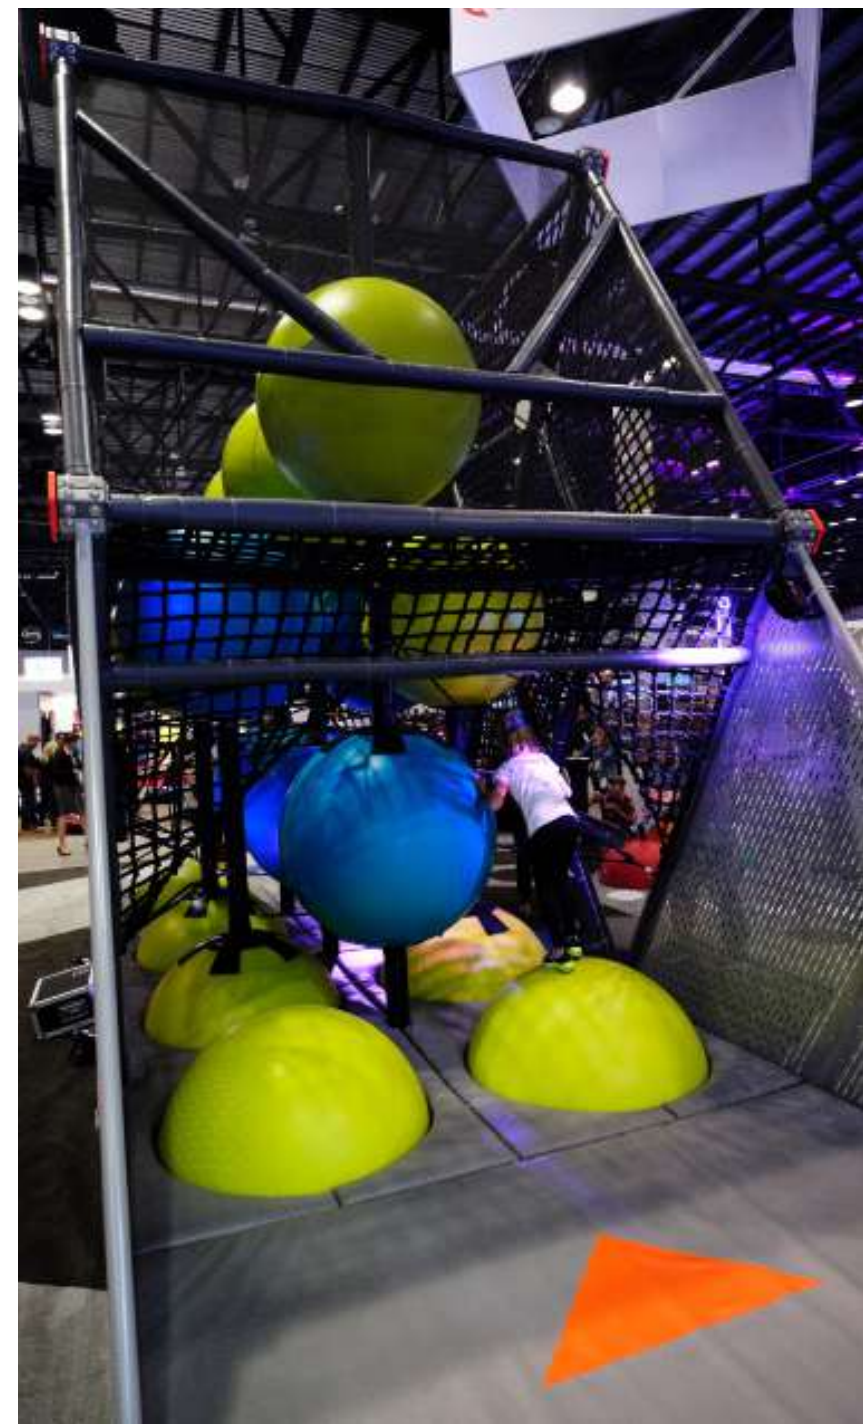

**Designed and  
Assembled in America**

## CHALLENGE A NEW GENERATION OF THRILL SEEKERS

## HIVE ADVANTAGES

- Available in standard and customizable options
- Encourages competitors and observers to join in an interactive, multi-generational experience
- Adds enough variety, thrill and challenge to justify higher admission costs
- Creates opportunities for memorable team-building and birthday party experiences
- Adds an awe-inspiring signature attraction without requiring a large footprint

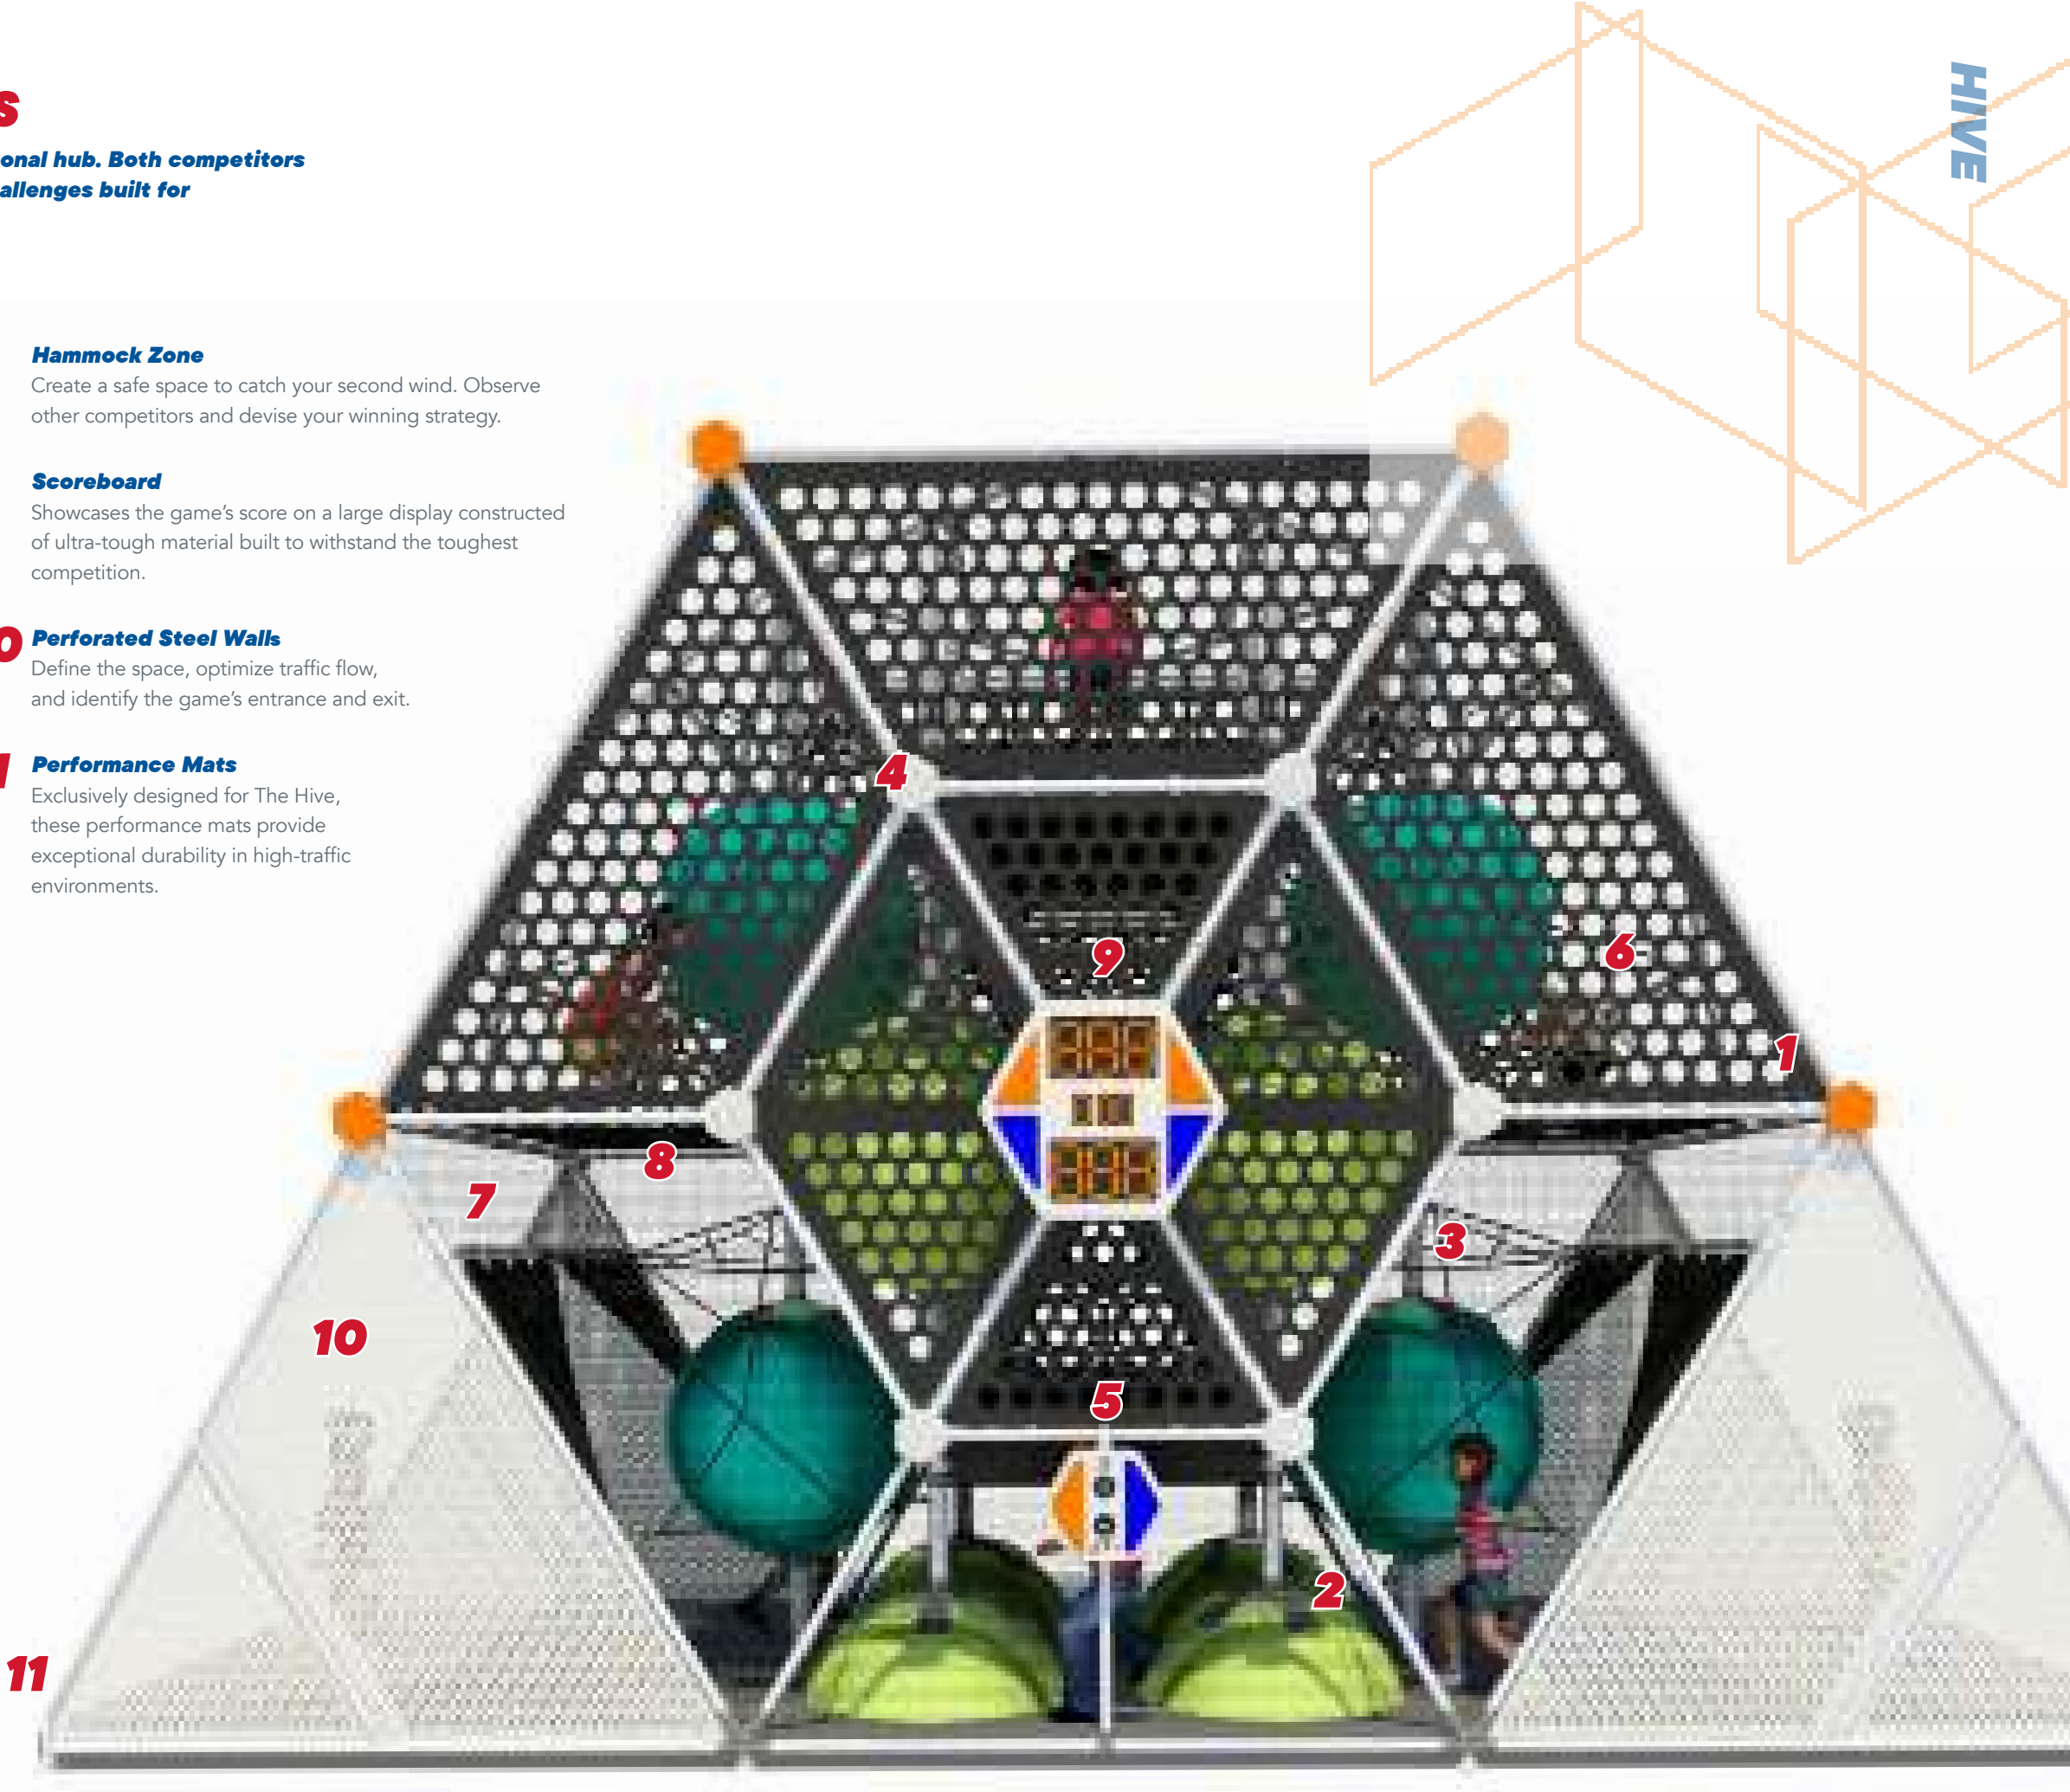

# ACTION-PACKED FEATURES

All the action in The Hive centers around an imposing hexagonal hub. Both competitors and observers experience an interconnecting network of challenges built for adrenaline-pumping adventure.

- 1 Hex Core**  
Iconic engineering and design create a striking visual signature, making this attraction impossible to ignore.
- 2 Ball Obstacle**  
Climb up or squeeze through to reach the game sensor as quickly as you can.
- 3 Adventure Ropes**  
Conquer the climbing experience with strategic configurations and positions of adventure ropes.
- 4 Interactive Digital Game Targets**  
The two-sided light game sensors enhance the visual impact and increase interaction among competitors, teammates, and outside observers.
- 5 Control Station**  
Hosts the start button to activate the game and shows the running and final score.
- 6 Top Level Barrier Nets**  
Elevate the climbing experience and create additional opportunities to pass other competitors.
- 7 No-Fly Zone**  
Prevents climbing outside the unit while improving visibility to monitor the action inside.

- 8 Hammock Zone**  
Create a safe space to catch your second wind. Observe other competitors and devise your winning strategy.
- 9 Scoreboard**  
Showcases the game's score on a large display constructed of ultra-tough material built to withstand the toughest competition.
- 10 Perforated Steel Walls**  
Define the space, optimize traffic flow, and identify the game's entrance and exit.
- 11 Performance Mats**  
Exclusively designed for The Hive, these performance mats provide exceptional durability in high-traffic environments.

# ADD A LITTLE MORE ADVENTURE FOR JUNIOR THRILL-SEEKERS

Adventure spheres offer an exciting, interactive companion to The Hive. This mini-course is specifically designed to gamify your adventure attraction with age-appropriate thrills like an interactive light show and a spherical climbing challenge that pushes younger kids' confidence to new heights.

### Sphere Obstacles

Climb through a cluster of soft-sculpted spheres in a variety of sizes and unique climbing patterns that create an open play adventure designed with smaller kids in mind.

### Light Walk

Create a dazzling light show by stepping from one light-up sphere to another.

### Ground Game

Expand the play space with custom carpet designs that provide a safe and eye-catching play surface for your facility.

# NEW HEIGHTS MULTI-LEVEL PLAYGROUND

**With great attention to transparency, visibility, and materials,** Soft Play thoughtfully designed the New Heights Tower to help you create a play area that is clean and safe for the entire family. This contemporary design will become a cornerstone for unforgettable family memories.

**Safety Compliance/Standards:**  
**ASTM F1918 (indoor)**

**2-12**  
**age range**

**Indoor**

**Parental Visibility**

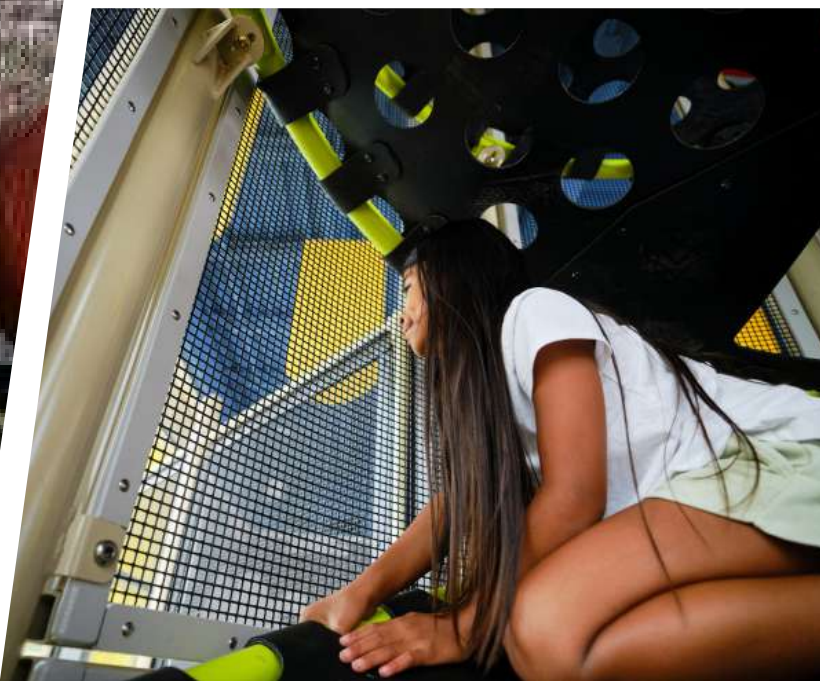

**Low Operating & Maintenance**  
**Costs**

**Designed and Assembled**  
**in America**

## NEW HEIGHTS ADVANTAGES

- **Available in standard and customizable options**
- **Enhanced Visibility for Both Parents and Kid**
- **Multi-Level Climbing for Active Play**
- **Holistic Play for Growing Minds and Bodies**

# REACH HIGHER. PLAY BOLDER.

*New Heights is a vertical play tower that transforms any footprint into a multi-level adventure. With bold architecture, net climbs, enclosed slides, and open sightlines, it encourages exploration, challenges motor skills, and invites repeat play. Whether indoors or out, this structure draws attention—and crowds—with a truly towering experience.*

- 1

**Open Visibility**  
Your children are visible at all times.
- 2

**Contained & Safe Play**  
TuffNet barriers throughout and on top, giving parents peace of mind.
- 3

**Entry Platform**  
One-way entry to climb tower.
- 4

**Multi-level Platforms**  
Rest or hangout as children climb to the top.
- 5

**Flex-tread Climbing**  
Climb with confidence, non-slip material for easier maneuvering.
- 6

**Observation Deck**  
Top level sitting post, before sliding down curved slide.
- 7

**Enclosed Curved Slide**  
Adventure awaits with thrill-seeking slide tunnel.
- 8

**Sturdy Frame**  
Built tough and made from quality metal, to expand life of play structure.
- 9

**Side Blades**  
Add extra design and appeal.
- 10

**Safety Barriers**  
Placed around slide to avoid children going behind or below slide.
- 11

# BRING YOUR PLAYGROUND TO LIFE WITH ADDED ELEMENTS

NEW HEIGHTS

Take your New Heights adventure to the next level with custom sculpted play pieces and immersive theming. These additions do more than decorate—they create deeper engagement, stronger visual storytelling, and a space families want to return to again and again.

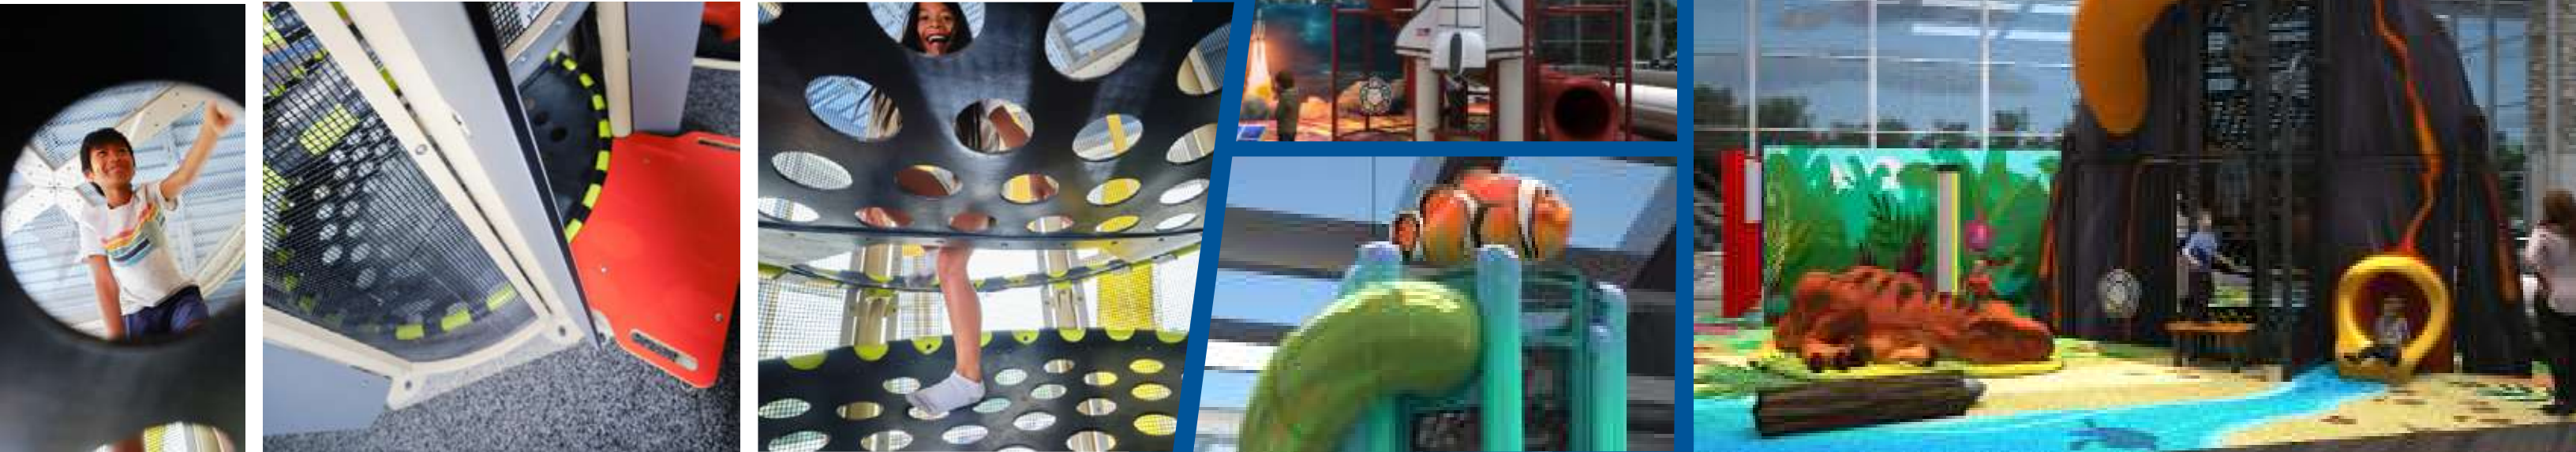

### Soft Sculpt

Bring more to your playground with climbable, colorful, and safe features that integrate seamlessly into your space.

### Theming

Add emotional impact and memorable experiences through character, environmental and play theming. From animals, nature scenes, branded characters, or custom environments.

## ELEVATE THE EXPERIENCE EVEN MORE WITH...

...CUSTOM SCULPTED EXTERIORS!

# SKYCOURSE

Skycourse is our non-belayed high adventure course designed to enhance the play experience by providing different levels of challenge while offering the thrill of a high-ropes course without the need for a harness. If you're looking for indoor adventure playground equipment that gets families excited to visit your business time and again, look no further than Skycourse non-belayed ropes course equipment from SoftPlay.

**Safety Compliance/Standards:**  
**ASTM F1918**

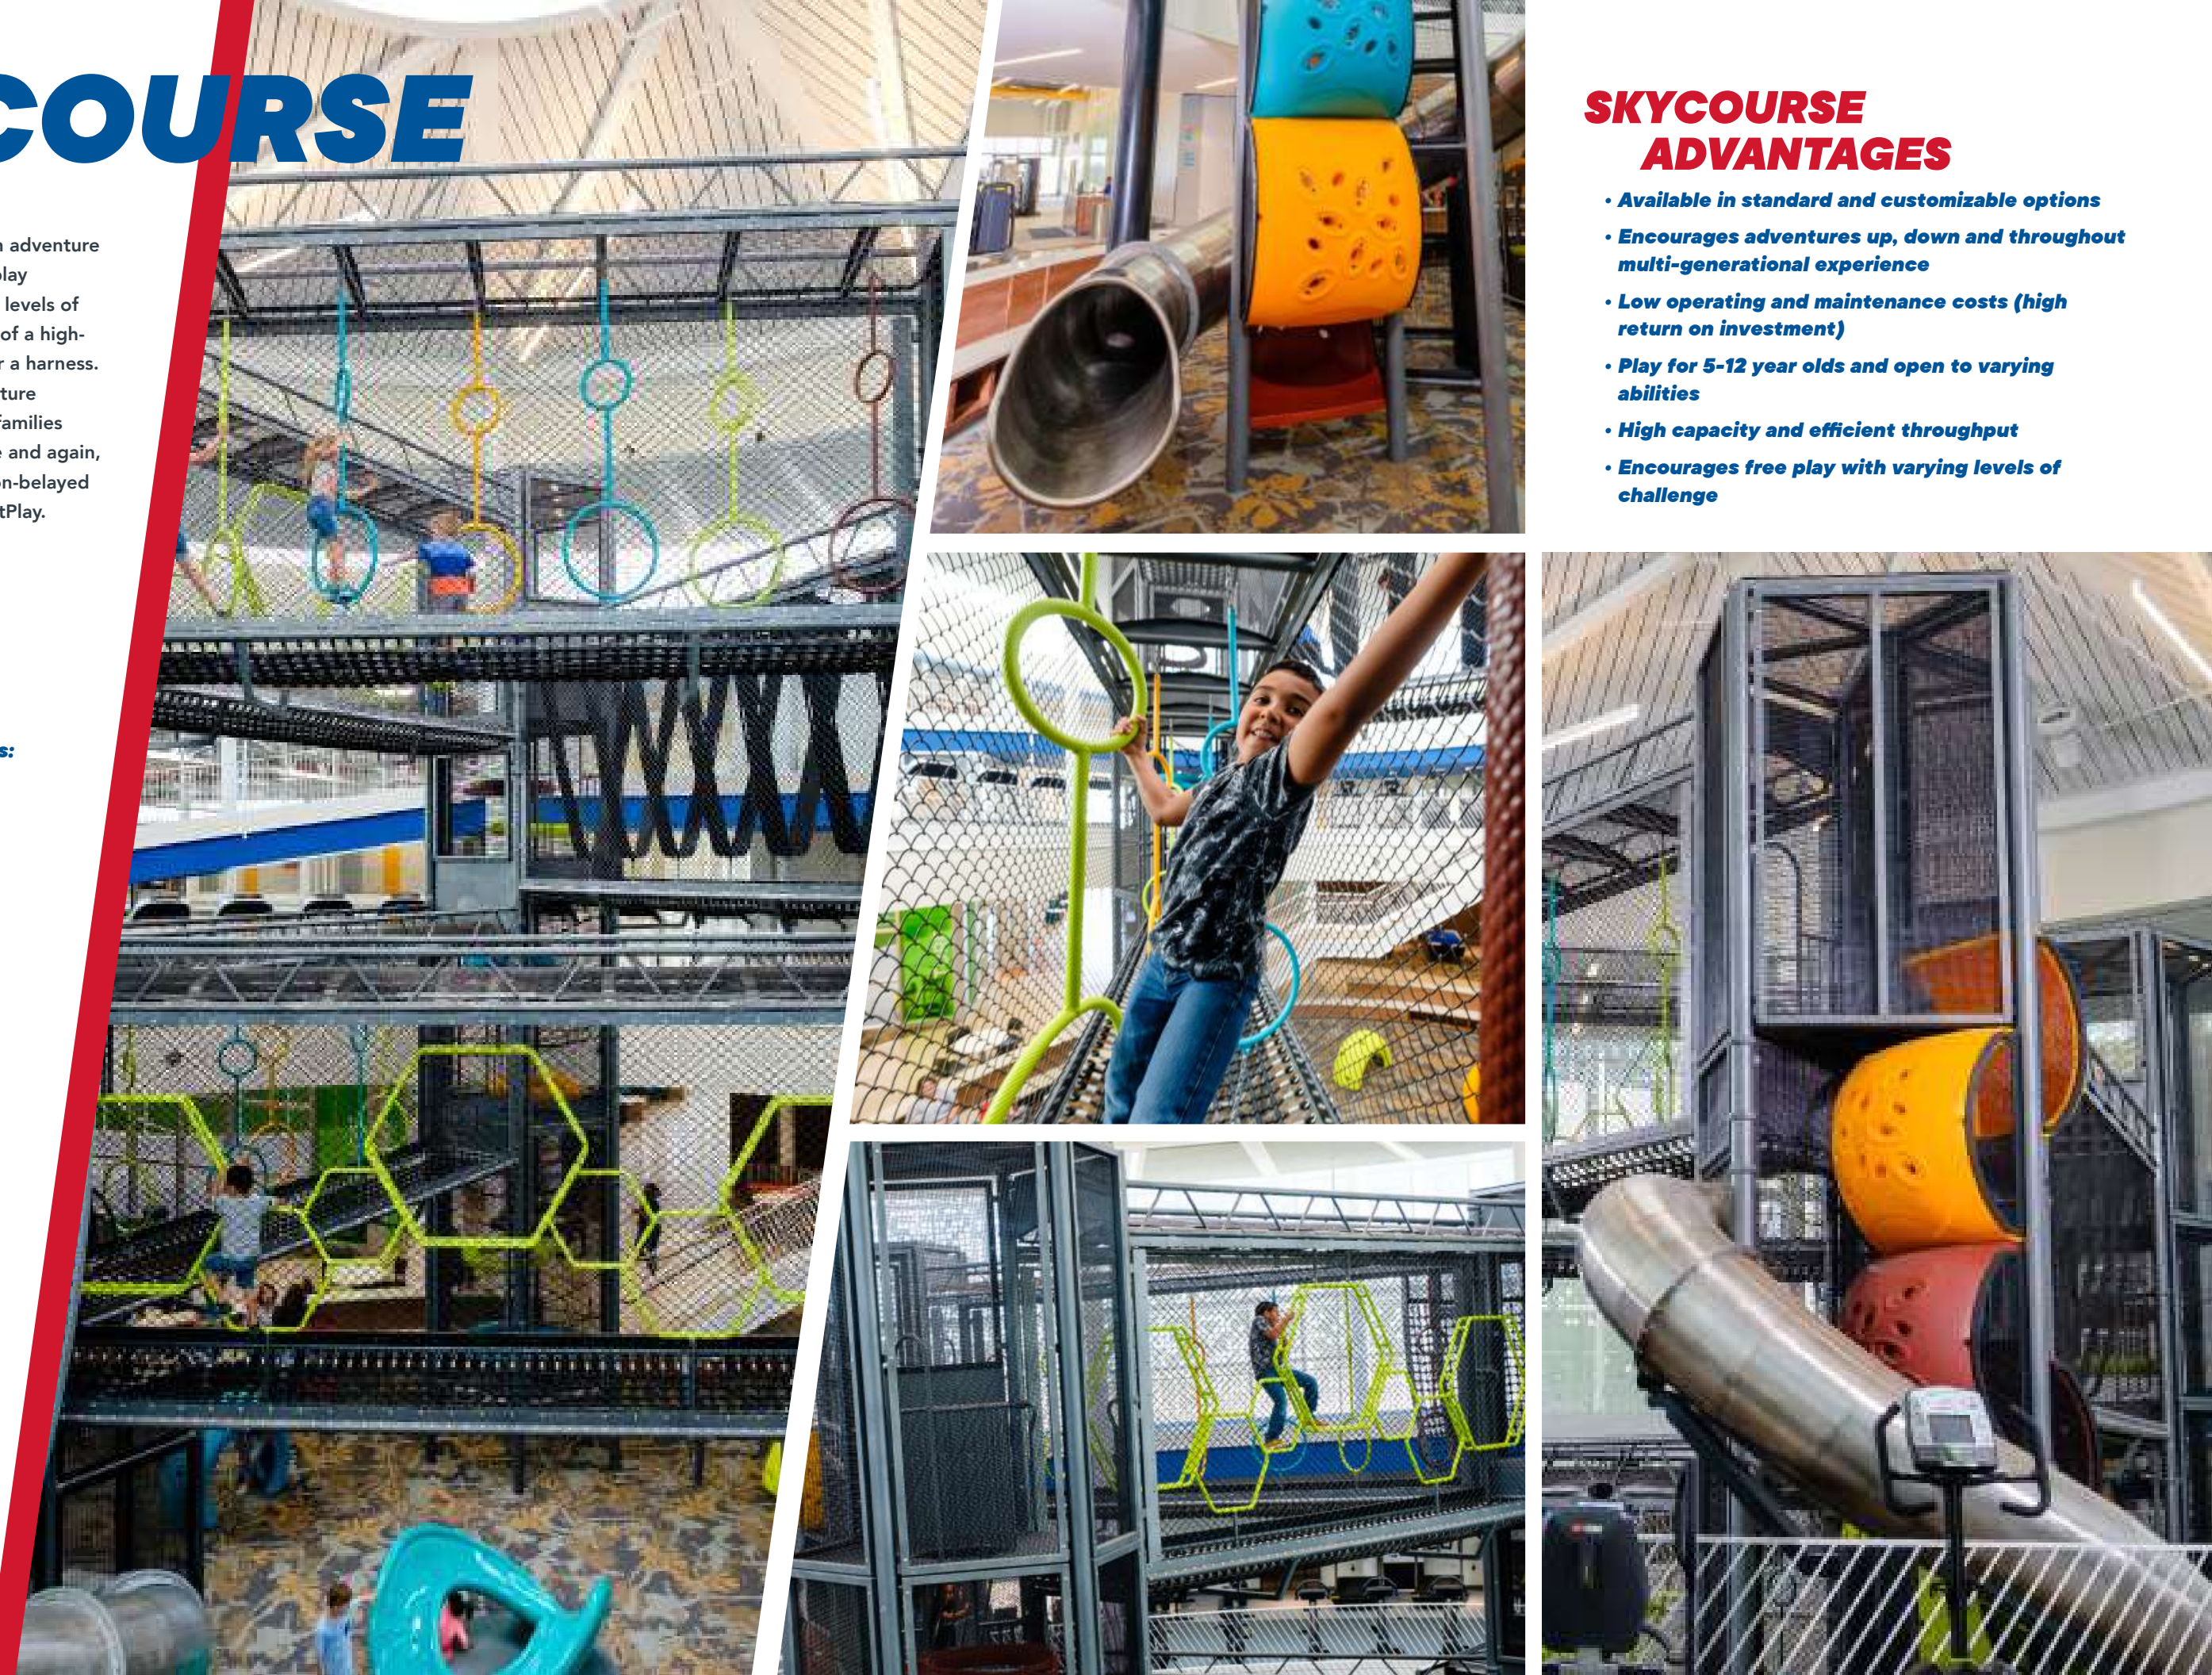

**Indoor**

**Age Range**

**Designed and Assembled  
in America**

## SKYCOURSE ADVANTAGES

- Available in standard and customizable options
- Encourages adventures up, down and throughout multi-generational experience
- Low operating and maintenance costs (high return on investment)
- Play for 5-12 year olds and open to varying abilities
- High capacity and efficient throughput
- Encourages free play with varying levels of challenge

# THRILL MEETS SKILL AT EVERY STEP

Skycourse elevates the thrill of play with a suspended ropes course that blends agility, balance, and bravery. Designed for older kids, teens, and even adults, it's perfect for venues looking to add a wow-factor attraction. With safety top-of-mind and multiple difficulty levels available, Skycourse delivers excitement at every step—literally.

- 1 Open Visibility**  
Your children are visible at all times.
- 2 Contained & Safe Play**  
TuffNet barriers throughout and on top, giving parents peace of mind.
- 3 No Belay or Harness System**  
Conquer the climbing experience with strategic configurations and positions of adventure ropes.
- 4 Multi Entry Points**  
Multiple entry points - easy access to play throughout playground.
- 5 Multi-level Platforms**  
Climb, rest, or hangout as children climb to the top.

- 6 ADA Tower**  
Pick your path - a spiraling pathway of platforms provides a quick way to the top, while a central rope climber test strength and balance.
- 7 Scoop Climber**  
Twisting climber promotes upper body strength, core fitness and fun.
- 8 Hurricane Climber**  
Kids can climb together through the colorful maze of suspended rings (dynamically challenging vertical obstacle course).
- 9 Circle Skyway**  
Test balance and coordination as kids traverse through rocking and spinning circles.
- 10 Belts Skyway**  
Flexible, durable, soft rubber belts, add a dynamic challenge, giving impressions you're in the clouds.
- 11 Hive Skyway**  
Suspended hexagon shapes challenge kids to plan and navigate as they climb to reach tier destination.
- 12 Sky Slides**  
Enclosed curved plastic slide - adventure awaits with thrill-seeking slide tunnel.
- 13 Rotational Molded Components**  
Greater durability and longer life.
- 14 Adventure Rope**  
Six-stranded tempered cable, galvanized steel wire, US stabilized and abrasion resistant
- 15 5" Post System**  
Eliminates the need to replace post pad  
Provides a clean, sleek appearance  
Significantly reduces repair and maintenance costs
