

WHERE HEALING MEETS PLAY

Pacific Pediatrics,
Oregon

**Designing healthier
experiences through
purposeful play**

WHY PLAY MATTERS IN HEALTHCARE

Hospitals and clinics can be stressful for children and caregivers. Thoughtfully designed play spaces create calmer, more welcoming environments that reduce anxiety and improve the overall patient experience.

When children are engaged, families feel supported and care feels more compassionate.

The Business Value of Play

- ⚡ **Improved Patient Experience** - Positive interactions increase satisfaction ratings and family trust.
- ⚡ **Increased Patient Comfort** - Make kids feel at ease and reduce stress and tension
- ⚡ **Reduced Perceived Wait Times** - Helps children stay occupied, reducing frustration and anxiety
- ⚡ **Family-Centered Environments** - Thoughtful play solutions demonstrate a commitment to holistic care.
- ⚡ **Differentiation** - Family-forward environments strengthen brand perception and community reputation.

All solutions are:

- ⚡ **Safety tested and ASTM compliant**
- ⚡ **Play that is adaptive for all abilities**
- ⚡ **Low maintenance, easy to clean**
- ⚡ **Designed to integrate seamlessly into existing environments**
- ⚡ **Commercial-grade equipment is an asset with a 10+ year lifespan**

Designed with Purpose

Soft Play understands the unique balance healthcare spaces require—stimulating without overstimulating, playful without chaos, and engaging without distraction. Our team partners with healthcare providers from concept through installation, ensuring every detail supports comfort, care, and connection.

SOLUTIONS DESIGNED FOR HEALTHCARE SPACES

Soft Play designs durable, safe, and visually calming solutions tailored to spaces of all sizes.

Soft Foam Sculptures

Gentle, inviting forms that encourage imaginative play.

Interactive play panels

Add educational value to any space—enhance toddler development, with gross, cognitive and sensorial play panels.

Themed Environments

Nature, underwater, animal, or calming abstract themes
